Cataract LASIK Vision Care Bend Oregon

Welcome to InFocus Eye Care, Central Oregon's comprehensive [eye care practice](#) [1]. Located right here in Bend, Oregon, we serve our local community with bladeless custom LASIK vision correction, cataract surgery, and complete eye care.

Our experienced doctors and staff value our relationship with each and every patient. We empower you to live an active Oregon lifestyle by providing the latest technology in laser vision correction surgery, cataract surgery, eyewear, and contact lenses.

Individualized Solutions for Your Unique Visual Needs

As your local Bend, Oregon eye care provider, we know that our community loves to hike, bike, golf, ski, and hunt. We also know that glasses can be inconvenient while pursuing our active, outdoor activities. While employing the most current technologies, our team of dedicated staff and doctors will help you choose a vision correction solution tailored to your unique visual needs. Whether you choose [bladeless LASIK](#) [2], lifestyle [intraocular lens implants](#) [3], or the latest in specialty [contact lenses](#) [4] and premium [eyeglasses](#) [5], our doctors are here for you.

Through bladeless custom LASIK or cataract surgery at InFocus Eye Care, you can finally be free to reduce or eliminate your dependence on glasses and contact lenses. We provide the most advanced bladeless LASIK technology by utilizing the Ziemer Femto LDV femtosecond laser in conjunction with the Alcon WaveLight Allegretto Wave Eye-Q excimer laser. InFocus also offers the latest in [cataract surgery](#) [6], using modern lifestyle intraocular lenses (IOL's) to provide a more natural range of vision to improve the quality of your life.

Be free to look and live as young as you feel. We offer many options to reduce your dependency on reading glasses. Lifestyle lens implants offer a wide range of focal distances that allow you to see clearly in the distance, on your computer, and while reading a book. We also offer monovision LASIK and the most advanced multifocal contact lenses.

InFocus Eye Care offers [eyelid rejuvenation surgery \(blepharoplasty\)](#) [7] to reduce the appearance of drooping or sagging eyelids. Eyelid rejuvenation surgery can help you revitalize your facial expressions to let your dynamic, youthful personality shine through.

Personal Care, Precise Results, Local Eye Doctors

Our caring doctors [Dr. Ida Alul](#) [8], [Dr. Patricia Buehler](#) [9], [Dr. Winter Lewis](#) [10], and [Dr. Nancy Bonetto](#) [11]

are active members of both the Bend and Sisters communities. They pride themselves on personal attention and service and on keeping up with the latest in eye care advancements.

Dr. Alul and Dr. Buehler are experienced board certified surgeons specializing in bladeless custom LASIK, cataract, and blepharoplasty surgeries. Our optometrists, Dr. Lewis and Dr. Bonetto, offer a wide range of eye care services. Beyond their rich knowledge of current contact lens and glasses advancements, they are well versed in disease-based optometry, including management of eye conditions such as glaucoma, diabetic, dry eyes, and macular degeneration. The InFocus doctors can assist you with all of your vision care needs, right here in Bend.

If you are interested in top-quality eye care or are ready to reduce reliance on glasses and contacts in Bend, Oregon, please [contact](#) ^[12] InFocus Eye Care today to schedule your first consultation.
